K. of P., consisting of Charley Kreud-
er, Pickens Anderson, Sam Forbes,
Frank Stock and Dan Elyar, left

installation the visitors and members
were invited to partake of refresh-
ments, both wet and dry, and a jolly
good time was enjoyed. Tonight a

Fire Lookout Efficiency

Until recently a Forest Ranger on
one of the Northern Forests in an-
other district was credited with having
the district record for discovering and
accurately locating a fire; in this case
the distance was seventy miles. Last
week a Forest Guard on the Sitgreaves
National Forest in Arizona dis-
covered and accurately reported a for-
est fire distant from his lookout
point in a direct line for eighty-two
miles. While the fire was reported by
the Sitgreaves Lookout Guard, it oc-
curred on the Tonto Forest northwest
of the Sierra Ancho Mountains.

the First National Bank, accompanied
by his family, will leave next week
in his Ford touring car for a trip

state, going via Fort Apache and
thence to the Grand Canyon, return-
ing via Phoenix and the Roosevelt
dam.

Supervisors of Greenlee County left
Friday morning for Prescott, to at-
tend the conference called by the
State Tax Commission. Assessor
Jas. Kerby, Chairman Wade Hampton
and R. A. Campbell, member of the
Board of Supervisors, will leave on

ceipt of a notice from the Arizona
Corporation Commission that the hear-
ing upon the application of the Clif-
ton Water & Improvement Co.,
which was to have been held in Clif-

til August 7th.

Dissolute Characters in Toils—

One Mexican and one white man,
hangers on in the red light district,
were arrested this week by town offi-
cers and were attached to the gar-
bage wagon service. The town au-
thorities propose to make a clean up
of dissolute characters with no visible
means of support.

Applications for Citizenship—

Several applications of foreign born
citizens to become citizens of the
United States were filed with Ben
M. Crawford, Clerk of the Superior
Court this week. The applicants in-
clude Edward Weaver Hall, a re-
sident of Clifton, and a native of Great
Britain; Gilbert Henry Brooks, of
Morenci, a native of Great Britain;
Frederick Wm. Coxon, of Clifton;
Collin McNeil, of Clifton; Chas. H.
Hall, of Clifton and John McNeil, of
Clifton.

Getting Second Papers—

Geo. A. Stevens, of Morenci, was
in the county seat this week to make
application for his second papers of
citizenship.

Chinaman Arrested—

As a result of a visit of two U. S.
Immigration inspectors to Clifton this
week Tom Yang, a Chinaman who oc-
cupied a room on the East Side, in
the rear of the New Midway, was
placed under arrest on a charge of
having in his possession opium not
used for medical purposes. The offi-
cers secured entrance to the room and
captured an opium pipe, two jars
of opium, opium weighing scales and
other paraphernalia usually found
around a hop joint. The U. S. offi-
cials took into custody a Mexican
woman from the restricted district
charged with being unlawfully in this
country. Both the Chinaman and the
woman are being held in the county
jail awaiting a hearing.

Portland, Oregon, Central Labor Council Unanimously Opposes

STATE WIDE PROHIBITION

The Following Resolution was Unanimously Adopted at the
Central Labor Council of Portland, Oregon, June 5, 1914

"Whereas, Economic conditions among the
people of the United States during recent
years have become so deplorable that hasty,
ill-considered and futile efforts at reform have
become the habit among leaders and would be
leaders, giving a wide field to the demagogue
and reformer, who would sway the public mind
by promises of immediate relief and better
living conditions by legislation along moral
lines; economic conditions having grown out
of the reckless and short-sighted methods em-
ployed in developing and exploiting the natural
resources of the country, and moral legisla-
tion having the same effect as local applica-
tion for the cure of cancer; and

"Whereas, It has been established by long
experience that no movement worth while in
the interests of the masses has fed upon prej-
udice and passion, and that where movements
have been supported by prejudice or passion,
the benefits accruing to the people have been
of short duration and of but little lasting ef-
fect in the life of the whole people; and

"Whereas, In an effort to placate the work-
ing people who are clamoring for real reform
and relief, who are feeling the push of im-
poverishment more and more as the years go
by, a small minority of the voters of the coun-
try propose to bring about radical changes in
personal conduct and habit through legislation;
and

"Whereas, Dishonest leaders in big busi-
ness have in the past done much to befuddle
the public mind with discussions of the liquor
problem for the purpose of causing divisions
and dissensions among the people, thereby
using the liquor question to hide exploitation
carried on in other lines, thus piling up huge
fortunes in very brief periods of time; and

"Whereas, Records show that during the
years of unusual activity in forcing upon the
people prohibitory laws, the quantity of liquor
produced and consumed in this country has in-
creased materially, showing that economic
conditions have more to do with the consumption
of liquor than has the natural or acquired de-
pravity of men; and

"Whereas, In this country a great industry
has grown up through the manufacture, sale
and distribution of malt and spirituous liquors,
employing millions of men regularly at rates
of wages far above the average for the workers
of the country, and at the same time giving
market for millions of dollars worth of the
produce of the farms of the country annually;
and

Appointed Administrator—

John A. Jones this week filed in the
Superior Court his application to be
appointed administrator of the estate
of Wm. M. Jarratt, deceased.

Canvassing Among Voters—

James Cash, of Morenci, candidate
for sheriff on the democratic ticket,
was in Clifton this week in the in-
terest of his candidacy.

"Whereas, In Oregon thousands of men
working in the industry and other thousands
working in industries closely allied with the
production, sale and distribution of liquor
would be thrown upon a crowded labor market
in case state-wide prohibition should be ac-
cepted by the people, thus adding tremendously
to the present ugly problem of unemployment
and poverty; and

"Whereas, The experience of other states
is that prohibition does not solve the liquor
problem, having only the effect of changing
the saloon for the 'bootlegging joint' and the
business of selling liquor into the hands of the
criminal class, making it an illicit traffic in
drugs and 'dope,' adding demoralizing influ-
ences to society with little regard for law
enforcement and none for revenue production; and

"Whereas, The readjustment of business
and industry which must of necessity follow
the introduction of state-wide prohibition in
Oregon during the period of continued depres-
sion and hard times would work untold hard-
ship on thousands of men, women and children
who have been working under the protection
of the laws of the country with no reason to
believe that their means of making a livelihood
would be suddenly taken from them, and leav-
ing thousands of men without employment and
without hope of regaining employment at the
present rate of wages; therefore be it

Resolved, By the Central Labor Council of
Portland and vicinity, in regular meeting as-
sembled this 5th day of June, 1914, that it is
to the best interest of labor, organized and
unorganized, in Oregon, that the present effort
to bring about state-wide prohibition be dis-
courage and vigorously opposed during the
campaign and the proposed measure defeated
at the polls in November.

"Resolved, That these resolutions be spread
upon the minutes of this Council and that
copies be furnished the press for publication.
